

## Plan a Calculator

Name \_\_\_\_\_

Plan a calculator that will soon be a fully functional application. The plan must include:

- ☐ Set scale for gridlines to \_\_\_\_\_ pixels
- ☐ Margin for placing elements set to \_\_\_\_\_ pixels
- ☐ Result display width of \_\_\_\_\_ pixels and height of \_\_\_\_\_ pixels
- ☐ Numbers 0-9 placed with a width of \_\_\_\_\_ pixels and a height of \_\_\_\_\_ pixels
- ☐ Four standard operator (+, -,  $\times$  and  $\div$ ) buttons and  $\pm$
- ☐ Clear button, decimal button and equal button in prominent places
- ☐ At least four blank buttons for special functions you will choose later
